2005 ICD-9-CM DIAGNOSIS CHANGES

Effective for dates of service on and after October 1, 2004, Missouri Medicaid will begin accepting the 2005 International Classification of Diseases, 9th Revision, Clinical Modification (ICD-9-CM) diagnosis codes. For all claims with dates of service October 1, 2004 and after, providers must use the 2005 ICD-9-CM diagnosis codes. The Health Insurance Portability and Accountability Act (HIPAA) Transaction and Code Set Rule requires the use of national/medical code sets that are valid at the time that the service is provided, and ICD-9-CM is a national/medical code set. ICD-9-CM codes submitted on claims must be valid at the time the service is provided. Therefore, Missouri Medicaid can no longer allow a 90-day grace period in billing discontinued ICD-9-CM diagnosis codes.

Listed below are the new, the invalid and the revised diagnosis codes for 2005:
